FROM THE STORE SERIES CD'S

From the Store CD-R series. Please note; all the CD-Rs which are available from "The Store series" are in WAV file format. The WAV file is not compressed and therefore retains the sound quality unlike an MP3 file which is compressed. WAV file format is universally the most compatible audio format for computers. You have the option to copy the CD-R into your computer and make copies in MP3 format for example to play on domestic equipment.
